1700 Fri 24 May – 1130 Sun 26 May 2013  
at the Kings Hotel 525 Hay Street (cnr Pier St) Perth WA

*Are you ready for an Indonesian language refresher and sessions on how to use some great classroom resources perfect for the F-12 classroom? All this in a comfortable, friendly environment. Don't miss this professional learning opportunity!*

This professional learning opportunity is proudly presented by the Balai Bahasa Indonesia Perth (BBIP) in cooperation with WILTA as part of the Commonwealth funded BBIP Community partnerships to stimulate and support Indonesian Language Programs.

This immersion weekend is aimed at supporting teachers to improve their Indonesian fluency in a semi or full immersion setting within a friendly, relaxed environment guided by expert background teachers of Indonesian. It is therefore highly recommended for teachers of Indonesian at any level.

Special guests from Dyatmika School in Bali, *Ibu Ayu, Ibu Utami* and Ibu Aprile will deliver sessions outlining the school-developed Indonesian Literacy Program and familiarise teachers with the outstanding resources developed by the school. These resources will be available for purchase.

Activities in the conversation sessions will be varied and interactive and incorporate the teaching and learning of intercultural understandings. During the weekend there will be opportunities for participants to be immersed in and experience various arts and cultures from across Indonesia.

There will be an emphasis on communication focused mainly on listening and responding with opportunities also for viewing, reading and responding in Indonesian. The direct teaching of grammar points will support the acquisition of communicative competence in Indonesian.

And there will be plenty of other surprises and activities during the weekend!

Including the chance to win a *return ticket to Jakarta or Denpasar flying Garuda Indonesia* (Conditions: Winner must have paid \$20 registration fee, be present to collect and must have attended 80% of the weekend's sessions)
